

C O D Y T U R N O C K

WORK EXPERIENCE

General Motors – Product Designer

Oct 2022 – Present

- Designed and evolved B2B workflows for a greenfield fleet management platform, supporting businesses from small operations to fleets of thousands.
- Sole designer for the company's only live fleet product through its sunset and transition to a consolidated commercial platform.
- Independently led high-visibility, ambiguous problem spaces, using systems thinking to define complex workflows and align Product, Engineering, Legal, and leadership around a path forward.

Asure Software – UX Designer

Oct 2020 – Oct 2022

- Designed workflows and feature experiences for complex B2B HR and payroll software within a small product team.
- Took on increasing ownership as the team evolved, ultimately becoming the sole designer, reporting to the CTO and mentoring an intern.
- Improved design operations by introducing structured critiques, strengthening engineering collaboration, and laying the groundwork for a shared design system.

Brightly Interactive – UX/UI Designer

Apr 2018 – Oct 2020

- Designed digital products and experiences for enterprise organizations, startups, and nonprofits across a range of industries.
- Led or supported UX, UI and interaction design from concept through execution, frequently serving as primary designer on engagements.
- Contributed to work for clients including Dormakaba, Haworth, and Stryker, as well as internal product concepts and early-stage digital ventures.
